Mon, 10 Dec 2018 13:48:00 GMT Twitter and Tear Gas by Zeynep Tufekci - A computer network, or data network, is a digital telecommunications network which allows nodes to share resources. In computer networks, computing devices exchange data with each other using connections between nodes. These data links are established over cable media such as wires or optic cables, or wireless media such as WiFi.. Network computer devices that originate, route and terminate the ...

Thu, 06 Dec 2018 10:18:00 GMT Computer network - Wikipedia - Audience theory is an element of thinking that developed within academic literary theory and cultural studies.. With a specific focus on rhetoric, some, such as Walter Ong, have suggested that the audience is a construct made up by the rhetoric and the rhetorical situation the text is addressing. Others, such as Ruth Mitchell and Mary Taylor, have said writers and speakers actually can target ...
